

OFCU Text Messaging Terms of Service

Terms and Conditions for the use of this service:

Message and data rates may apply. Enrollment is not required to be a member or apply for products or services. Messages are sent by auto dialer to this mobile #. Promotional texts may be sent as frequently as weekly. Cancel Text Messaging at any time; just text **"STOP" to 855-623-6328** After you text "STOP" to us, we will send you a message confirming you are unsubscribed. After this, you will no longer receive text messages from us.

For your added security, Ozark Federal Credit Union will never ask for specific account information via text message. Please contact our Member Service Representative if you have any questions or concerns about text messages or other communications you receive from the Credit Union.

Information you receive in a response text through Two-Way Text Messaging does not amend, supplement, change or replace any other notice or information you may receive from us in connection with your accounts. Depending on your wireless carrier, delays in sending and receiving text messages may occur. The Credit Union is not responsible or liable for any transmission delays, including erroneously- or non-delivered messages.

Important: Text conversations are private and secure; however, we ask that you do not share any private information, such as your member account number, social security number, or card information. We have other ways to identify our membership and want to do our part to protect you from fraud as much as possible.

This Text Messaging is different than Text Banking. Our new solution does offer the option to get information on the go (see 24/7 Access with Keywords), opt-in for informational/marketing messages. We can assist with real-time questions via text during regular business hours, much like a chat option. Thank you for signing up with MYOFCU text messaging.
